Subject: Quick EJ Taskforce reportback

About 50 people participated, representing 11 agencies, including Thomas and Derek from Navy. Only press that showed up was China News. Monthly mtgs will be 3rd Wed of the month, 2-4 pm, SE Community College.

Shipyard related issues:

- RAB Dr. Sumchai, Dr. Tompkins, and Dorothy Peterson all protested the dissolution of the RAB. They want the Navy to revive the RAB. Ms. Peterson alleged that it was a violation for the HPNS to not have a RAB. Thomas responded that it was not a violation; the Navy dissolved the RAB according to appropriate procedures, and the Navy revisits community involvement approaches every 2 yrs when it updates the Community Involvement Plan. Marie wants to put the topic on the agenda after the 8/19 monthly mtg, so 9/16 or later. She wants the Navy to provide documentation related to the dissolution.
- Radiation - Dr. Sumchai raised the anomalous soil sampling issue. She is concerned that Ray Roberson, a former Tetra Tech Employee, died mysteriously during the time of the investigation.

When you feel up to it, we can talk more.
